Coast Guard

33 CFR Part 165

[Docket Number USCG-2017-0275]

RIN 1625-AA00

Safety Zone; Hope Chest Buffalo Niagara Dragon Boat Festival, Buffalo River, Buffalo, NY

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard proposes to establish a temporary safety zone for certain waters of the Buffalo River. This action is necessary to provide for the safety of life on these navigable waters near Buffalo River Works, Buffalo, NY, during the Hope Chest Buffalo Niagara Dragon Boat Festival on June 17, 2017, which includes boat races. This proposed rulemaking would prohibit persons and vessels from passing through the safety zone during race heats unless authorized by the Captain of the Port Buffalo or a designated representative. We invite your comments on this proposed rulemaking.

**DATES:** Comments and related material must be received by the Coast Guard on or before [INSERT DATE 20 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**II. Background, Purpose, and Legal Basis**

On December 08, 2016, the Hope Chest Buffalo (Lumanina Crop) notified the Coast Guard that it will be conducting a series of dragon boat races from 8 a.m. to 5 p.m. on June 17, 2017. The dragon boat races are to take place in the Buffalo River behind the Buffalo River Works restaurant in a 300 meter long course consisting of 4 lanes, each 10 meters wide in Buffalo, NY. The Captain of the Port Buffalo (COTP) has determined that a boating race event on a navigable waterway will pose a significant risk to participants and the boating public.

The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters within the race course during heats of the scheduled event. Vessel traffic will be allowed to pass through the safety zone between heats. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

### **III. Discussion of Proposed Rule**

The COTP proposes to establish a safety zone from 7:45 a.m. to 5:15 p.m. on June 17, 2017, that would be effective and enforced intermittently. The safety zone would cover all navigable waters of the Buffalo River; Buffalo, NY starting at position 42° 52' 12.60" N and 078° 52' 17.64" W then Southeast to 42° 52' 3.17" N and 078° 52' 12.43" W then East to 42° 52' 3.68" N and 078° 52' 10.35" W then Northwest to 42° 52' 13.41" N and 078° 52' 16.57" W then returning to the point of origin. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled 8 a.m. to 5 p.m. racing event. Vessels will be permitted to pass through the safety zone intermittently during the event as allowed by the COTP or the on-scene representative. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

### **IV. Regulatory Analyses**

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

#### **A. Regulatory Planning and Review**

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. Executive Order 13771 ("Reducing Regulation and Controlling Regulatory Costs"), directs agencies to reduce regulation and control regulatory costs and provides that "for every one new

regulation issued, at least two prior regulations be identified for elimination, and that the cost of planned regulations be prudently managed and controlled through a budgeting process.”

This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget.

As this rule is not a significant regulatory action, this rule is exempt from the requirements of Executive Order 13771. See OMB’s Memorandum titled “Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017 titled ‘Reducing Regulation and Controlling Regulatory Costs’” (February 2, 2017).

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. Vessel traffic would be able to safely transit through this safety zone in between race heats which would impact a small designated area of the Buffalo River for one day. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

#### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

#### C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

#### D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described

in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

#### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the establishment of a safety zone for one day during intermittent periods. Normally such actions are categorically excluded from further review under section

2.B.2, and Figure 2-1, paragraph 34(g) of the Instruction. Paragraph 24(g) pertains to the establishing, disestablishing, or changing Regulated Navigation Areas and security or safety zones. A preliminary Record of Environmental Consideration (REC) supporting this determination is available in the docket where indicated under the ADDRESSES section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

#### G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.
